

# No Two Are Alike...

In this season of giving, the SPEECH PATHways Foundation requests your support to improve the lives of children affected with communication disorders. We work throughout the year to provide grants/scholarships for speech-language therapy, parent & professional education, and support within Carroll County and the surrounding areas.

We strive to empower children of all ages to achieve their full potential, despite their differences. Communication is key to successful growth and development, and a gift to the SPEECH PATHways Foundation offers enduring hope to children and their families.
